Disclosure and Confidentiality

JD Events, LLC ("JDE" or the "Company") is a trade show and consumer show producer. It owns and operates an annual Consumer / Trade Show in the audio industry called **AXPONA** (the "Business" or the "Event"). This Offering Memorandum is exclusively presented by Corporate Solutions LLC ("CS"). The information included in this document was prepared based on information furnished by the management of the Company. The information has not been independently verified by CS. Therefore, while CS is not aware of any inaccuracies, CS makes no warranty or representation as to the completeness or accuracy of the information contained in this document.

This Offering Memorandum is being provided on a confidential basis and is intended strictly for use by a limited number of interested parties for the sole purpose of determining potential interest in a transaction with the Company to purchase the Business.

Recipients of this Offering Memorandum agree to keep confidential the information contained herein or made available in connection with any further investigation of the Company. Each recipient agrees to treat it in a confidential manner and not, directly or indirectly, to disclose or to permit its advisors, agents or affiliates to disclose any such information without the prior express written consent of the Company. Recipients agree to return this Offering Memorandum and all work products derived from its contents upon request from either the Company or CS.

This Offering Memorandum includes certain statements, estimates, targets and projections that reflect management's assumptions concerning anticipated future performance of the Company. Such subjective judgments concerning anticipated results are inherently subject to risks, variability and contingencies, many of which are beyond the Company's control. These assumptions and judgments may or may not prove to be correct and there can be no assurance that any projected results are attainable or will be realized.

By receipt of this Offering Memorandum, prospective buyers recognize and accept the need to conduct their own thorough investigation and due diligence before considering a purchase of the Business. Each buyer should consult their own counsel, accountants and advisors as to legal and related issues concerning their purchase.

The Company reserves the right to negotiate with one or more prospective buyers at any time and to enter into a definitive agreement with a buyer without prior notice to other prospective buyers.

All communications relating to a proposed transaction with the Company or inquiries relating to the information included in this Offering Memorandum should be directed to:

Business Overview

AXPONA is the premier annual event serving the high-end audio market. Over 750 high-fidelity audio brands demonstrate products and play music in 225 listening rooms, using hotel rooms, suites and meeting rooms. Exhibits showcase products in the Expo Hall, Ear Gear Expo, Car Audio Expo, and Record Fair.

Three days of educational seminars and Master Class sessions, two nights of live concerts, and an annual pre-show industry networking reception for trade only that attracts hundreds of exhibitors, international business professionals and industry press.

Exhibitors display thousands of high-end audio products, primarily focused around speakers and sound systems, featuring equipment and components, such as cables, tubes, amps, turntables, reel-to-reel, vinyl, headphones, hi-res streaming systems, car stereos and accessories.

AXPONA is held in a unicorn event venue that fits its unique show needs perfectly, and that no other audio show can match. The Renaissance Schaumburg Hotel & Convention Center, the AXPONA home since 2018, is an upscale, all-inclusive complex, including a 500-room hotel, a large ballroom, 48 meeting rooms and large suites, a 100,000 square foot pillar free exhibit hall, nonunion labor rules, and multiple F&B outlets, all under one roof, plus 1,800 free onsite parking spaces.

The venue is located only 14 miles, a 20-minute ride, from Chicago O'Hare Airport, the airline travel hub of North America, making it easily accessible for domestic and international travelers. Several nearby hotels are used for overflow sleeping rooms. AXPONA occupies the entire facility. Renaissance management wishes to keep AXPONA under contract long-term, as it is one of their most profitable annual tenants.

The **14th annual** AXPONA Event was held April 11 - 13, 2025 in Chicago, Illinois at the Renaissance Schaumberg Hotel & Convention Center.

Highlights include:

- **$2.1 million** in Revenues
- **15%** Revenue Increase
- **$780,000 EBITDA**
- **36% EBITDA Margin**
- **30,000** Gross Square Feet of Exhibit Space
- **14,400** Net Square Feet of Exhibit Space
- **144** Booth Units
- **213** Listening Rooms
- **750** brands represented
- **80%** Onsite Sales at the 2025 Event for all types of revenues for 2026
- **42** Paid Sponsorships
- **8,600** Attendees
- **33** Educational Sessions

The **2020 & 2021** editions of the Event were **canceled** due to the Covid-19 pandemic.

The upcoming 2026 Event **is pacing very well and is expected to far exceed 2025 levels.**

Financial Summary

	Projected	Actual					
Revenues:	**2026**	**2025**	**2024**	**2023**	**2022**	**2019**	**2018**

EBITDA	943,175	781,484	632,926	417,372	153,457	347,579	176,170
EBITDA %	*39%*	*36%*	*34%*	*27%*	*13%*	*24%*	*16%*

Note: 2020 & 2021 events were canceled due to the Covid-19 Pandemic

As seen above, the Event is highly profitable with **EBITDA of $780,000 and EBITDA margin of 36% realized from the 2025 Event**.

All direct staff compensation-related expenses are included in the results including salaries, commissions, payroll taxes and benefits. The direct staff members are: (1) Vice President of Marketing & Event Director, (2) Vice President of Sales & Business Development and (3) Sales Director.

(JD Events in-house operations, marketing and admin support staff would not be part of a transaction and their minimal levels of unallocated fractional compensation are not included in the "Employee Compensation" numbers of the P&L. It is expected that any buyer would be able to provide these fractional services internally without any additional cost)

AXPONA's financial track record is impressive and the future outlook is bright. **There have been 10 consecutive years of double-digit revenue growth**, except for one after missing two years due to Covid. The booth / listening room retention rates and cash flow dynamics are very attractive.

Over **80%** of exhibit related revenue rebooks onsite. Over **50%** of rebook revenue cash is collected within four months post-show.

More than half of the **100,000** square feet exhibit hall space is still unused and available for further sales growth in future years at no additional hall rental cost.

Revenues are forecast to grow by 50%, from $2.1 million to over $3.1 million from 2025 - 2028, and EBITDA is expected to nearly double, from 782,000 in 2025 to $1.5 million 2028.

Total sales have increased significantly from 2014 – 2025 (525%) with a compounded annual growth rate (CAGR) of 23%,

EBITDA growth has also been significant from 2014 – 2025, starting from a loss of ($241,000) to a profit of $781,000.

<u>Revenue By Type (2025)</u>

	2025	%

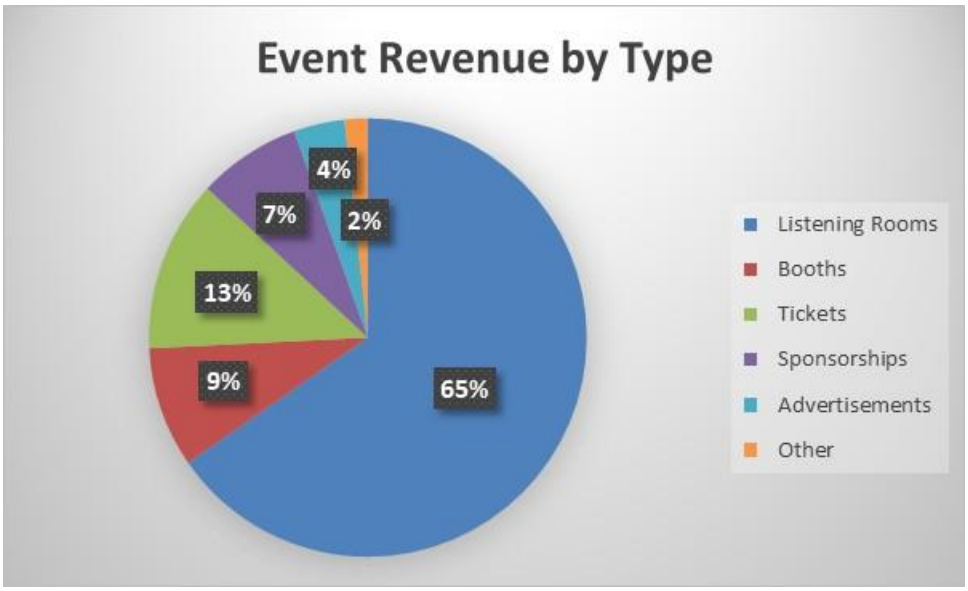
Tickets	272,243	13%
Sponsorships	163,695	8%
Advertisements	80,765	4%
Other	36,377	2%
Total Revenues	2,145,300	100%

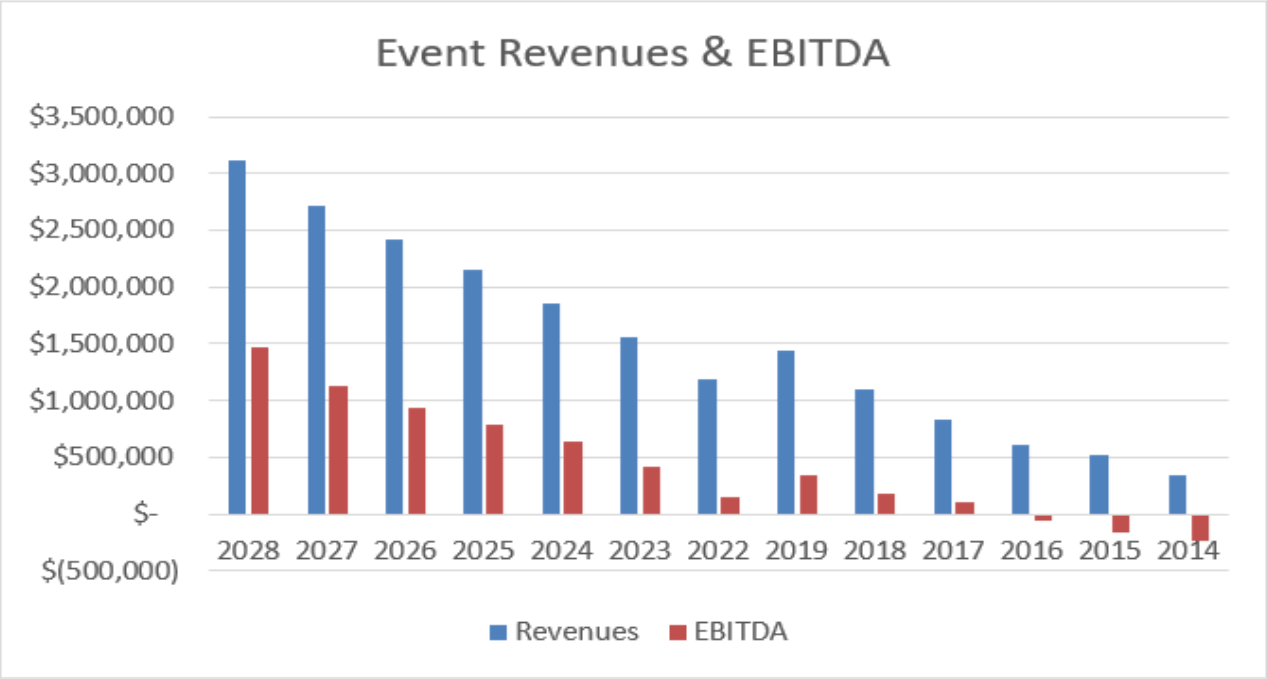


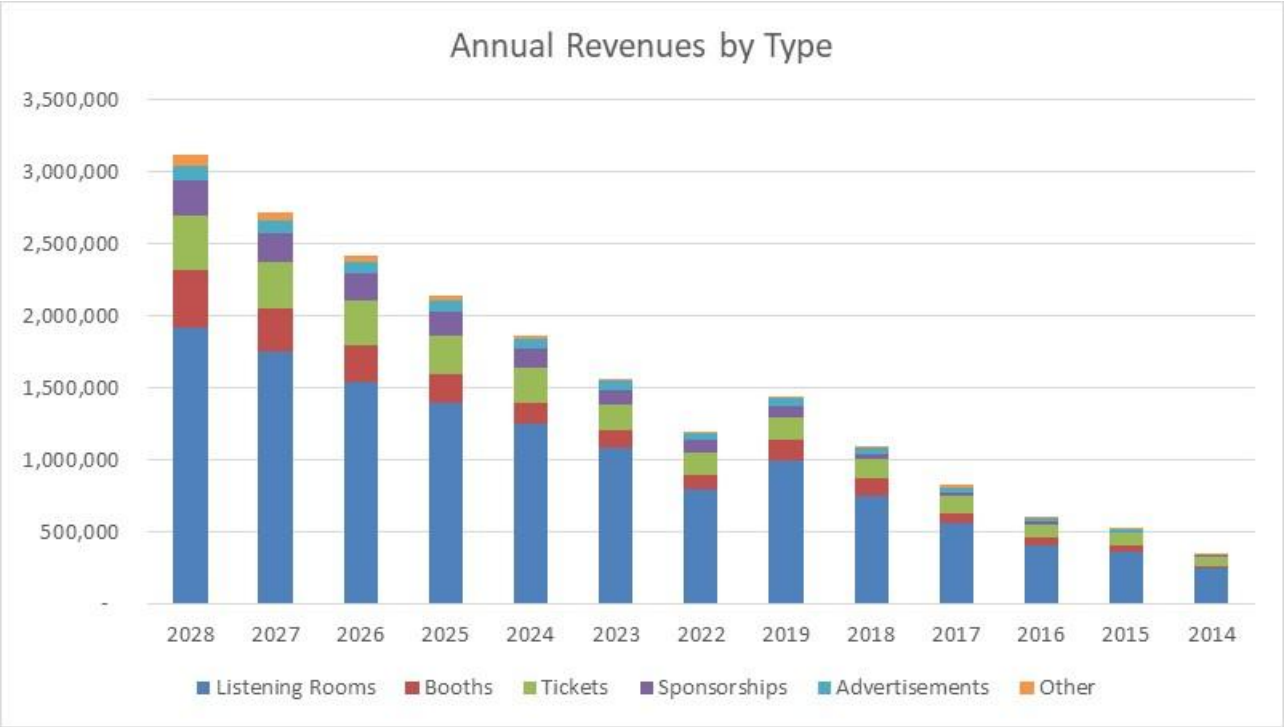
AXPONA (*Audio Expo North America*) is the premier event for Consumers, Trade and Press to experience the world's high-end audio brands.

AXPONA was launched in 2010 as a small local audio show in Jacksonville, Florida. The Event was acquired by JD Events in 2014.

Now in its **15th year,** AXPONA has been built into the largest and most important high fidelity audio equipment tradeshow in North America and is increasingly recognized as the premier high end audio event in the world. AXPONA serves the luxury audio market, defined as products that cost more than $5,000 (or $10,000 per pair for loudspeakers), which grew **12%** in 2023 to $2.8 billion in total sales, according to Futuresource Consulting. Industry dynamics are highly resilient with spending growing at a CAGR of 9.9% to 2023.

The high-end audio category has been further bolstered by a resurgence in vinyl record demand and production. Vinyl sales have seen 19 consecutive years of growth, outpacing CD sales in 2022, along with renewed growth in the manufacturing and sales of turntables and other high-end audio equipment. Per Futuresource, the US is emerging as the key driver of future growth. With economic policies increasingly favoring wealth creation, high-end spending is expected to gain momentum, further boosting demand for premium audio. The luxury audio market is expected to reach **$4.3 Billion** by 2028.





Revenues from all sources have grown exponentially since the Event was acquired in 2014:

Revenue Type	Increase	CAGR
Listening Rooms	**462%**	**21%**
Booths	**1,043%**	**31%**
Tickets	**359%**	**18%**
Sponsorships	**817%**	**28%**

Total revenues increased by (524%) from 2018 to 2025. (CAGR 23%)

<u>Future Venue Contracts</u>

Venue contracts have been secured for the next 4 years at the Renaissance Schaumberg Hotel & Convention Center:

- April 10 - 12, **2026** (contracted)
- April 9 - 11, **2027** (contracted)
- April 14 – 16, **2028** (on hold)
- Apil 13 – 15, **2029** (on hold)

Show dates are always 3 days each April: Friday, Saturday & Sunday. There is also a trade only reception to kick off the Event on Thursday evenings.

Exhibitors

Exhibitor Profile

Exhibitors are manufacturers, dealers and distributors of audio and sound systems and components. They exhibit to obtain new leads, get brand exposure, produce sales, networking and develop new business connections.

Exhibitor Marketing

The sales team relies on the website and develops customized, category specific emails, messaging and materials tailored to the needs and objectives of each prospective exhibitor group in the database which is broken down by speakers, headphones, turntables, vinyl, car audio, etc.

Another source of leads come from other industry events. The sales team goes to other events in the audio industry both in the United States and abroad to obtain new customers.

AXPONA is the largest audio show in North America and has been held annually in Chicago for over a decade. It is a well-established, widely recognized event with a strong reputation in the industry. As a result, the most effective marketing strategy centers on in-depth research and direct, category specific and one-on-one outreach, supported by word-of-mouth recommendations among current and prospective exhibitors.

It is significant to note that the Event sells 80%+ of all sales revenue onsite for the next year's Event.

Exhibitor Pricing

Exhibit booth pricing for the 2026 Event is below:

EXHIBIT SPACE		
Space:	**Rate:**	**Includes:**
Standard Listening Room	$5,250	Basic Wi-Fi, banquet tables and chairs on request.

Booth / Listening Room Sales Pacing

For the 2026 Event, as of January 16, 2026, the Event has sold **10,960** net square feet of booths and **214** listening rooms representing **$1,674,000** in Booth and Listening Room sales.

For the same period last year, the 2025 Event had sold **9,240** net square feet representing **$1,476,000** in Booth and Listening Room sales.

Booth / listening room sales are pacing **13%** better than last year at the same number of weeks out.

Total booth revenue increased by (1,043%) from 2018 to 2025. (CAGR 31%)

Total listening room revenue increased by (462%) from 2018 to 2025. (CAGR 21%)

Size of Exhibitor Prospect Database

The Company has **2,600** exhibiting companies with 3,150 contacts in its prospect database

Sponsorship Packages

There are several sponsorship opportunities at the Event, each offering exhibitor's specific marketing exposure for their name and brand to suit their individual goals. A sample of the sponsorships available are below:

- Signs & Graphics
- Glass Clings
- Lanyards
- Registration
- Café
- Hydration Stations
- Pens
- Attendee Bags
- Welcome mixer
- Seminar Room

Sponsorship Sales Pacing

For the 2026 Event, as of January 1, 2026, the Event has sold **$203,000** in sponsorship sales.

For the same period last year, the 2025 Event had sold **$158,000** in sponsorship exhibit sales.

Sponsorship sales are pacing **28%** better than last year at the same number of weeks out (14 weeks).

Total sponsorship revenue increased by (817%) from 2018 to 2025. (CAGR 28%)

Attendees

Attendee Profile

AXPONA has inspired an annual pilgrimage to the Chicago area every April for the global audio industry. It is where the world's high-end audio community gathers to celebrate their hobby, to experience recorded and live music, and to do business together, attracting over **10,000** attendees with various interests:

- Serious audiophiles
- Audio equipment buyers
- Music loving consumers
- Manufacturers
- Dealers
- Distributors
- Industry press
- Social media influencers
- Media reviewers
- Technology leaders
- Collectors of high-end gear
- Headphone & portable-audio aficionados
- Car-audio fans / installers / custom-car builders
- Music lovers who appreciate live performances, vinyl, and discovering new gear

AXPONA has a one-of-a-kind hybrid audience, combining highly passionate audio gear buyers and music lovers with a global gathering of audio business executives and leaders.

Audiophiles, trade professionals and press from over **40 states and 50 countries** travel to AXPONA each year. There is so much to see and do at AXPONA that the majority of participants and visitors come for the entire three-day event, purchasing more multi-day passes than one-day passes.

Other notable attendee demographic information:

- More than 50% of attendees are from states outside of Illinois.
- 58% of the visitors who attended AXPONA were first-time ticket buyers
- Over 150 registered press

Attendee Experience

There are many attractions and experiences for attendees over the three-day Event including:

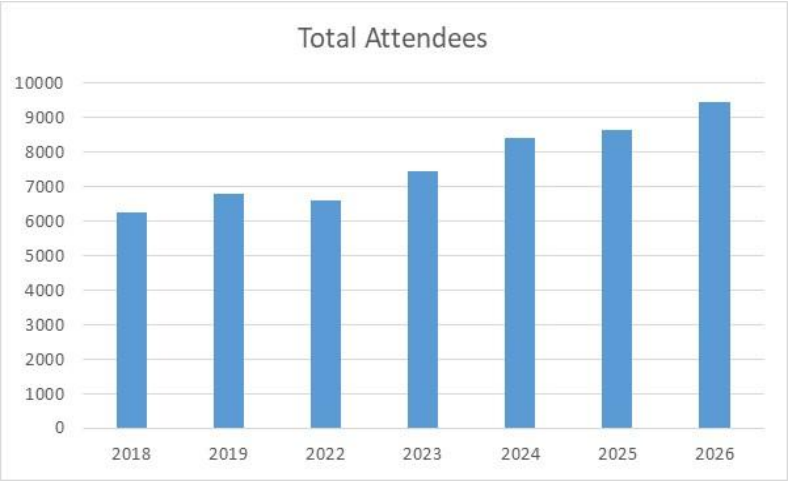
- Walking the Exhibit Hall to review new products and services
- Evaluate and purchase home stereo systems, turntables, headsets, cables and speakers
- Visit 225+ Listening Rooms
- Review and discover 750+ brands
- Evaluate 50+ Car Audio Systems
- Live Performances
- Ear Gear Experience
- Educational Seminars
- Audio Demos

- Purchase records at the Record Fair
- Visit the ALTI Pavilion
- Network with 10,000+ attendees

Attendance numbers have increased every year since inception (except for the Covid years) both in terms of revenue and number of attendees at the Event.

Total attendee revenue increased by 359% from 2018 to 2025. (CAGR 18%)

The total number of attendees increased by 51% from 2018 to 2025. (CAGR 7%)



All attendees are unique visitors in terms of counting bodies, not the frequency that they visit. In other words, an attendee that buys a three-day pass and comes all three days is only counted as one attendee. The actual total attendance for the three-day Event is much higher if you count attendees by day.

Online registration for the 2026 Event opened on November 1, 2025.

<u>Marketing to Consumer Attendees</u>

The consumer attendee marketing strategy for AXPONA 2026 will incorporate a comprehensive mix of traditional and digital media, new partnerships, grassroots outreach, original content and new show features to ensure maximum regional, national and international engagement via the following initiatives:
Traditional Media:

- **Print Ads**: 50+ ads in newspapers and magazines
- **Radio Advertising**: Reaching music lovers in the greater Chicago Area
- **Banner Advertising**: targeted ads on national display networks and ads on hi-fi centric media outlets.
- **Public Relations**: Managing media relations to maximize exposure to industry and traditional press with national and international reach.

Digital and Influencer Media:

- **Paid Search**: Targeted local and national campaigns to drive traffic and awareness

- **Social Media Advertising**: Active campaigns on Meta (Facebook/Instagram) and YouTube
- **Email Marketing**: Regular communications for ticket sales
- **Influencer Programs**: Partnering with influential voices to engage fans
- **Community Marketing**: Grassroots initiatives to build anticipation and excitement
- **Chicago Area Posters**: Local efforts to generate buzz within the region

Marketing to Trade Attendees

AXPONA trade attendance continues to grow each year. What makes AXPONA unique is its integrated environment, where trade professionals interact directly with exhibitors alongside passionate consumer attendees. This dynamic hybrid audience setting creates meaningful opportunities for professional relationship-building, business development and new partnerships, in addition to direct-to-consumer sales.

AXPONA collaborates closely with and markets directly to dealers, distributors, manufacturers and industry professionals globally to engage and attract this highly sought-after international trade audience. Real business gets done at AXPONA, and they leverage this strength by marketing directly to targeted segments—both to clearly identify the trade professionals already attending and to attract even more every year.

These targeted marketing efforts are supported by dedicated on-site initiatives, including dedicated trade only seminar conference sessions, a trade only lounge, an opening reception exclusively for the trade and private meeting spaces designed to facilitate productive conversations and deal-making.

Seminar Topics

There are dozens of seminars offered to attendees over the three-day Event that generally last for one-hour each.

Samples of the seminar topics from the 2025 Event include:

- The State of Audio: Now and in the Future
- Limiting Factors of Modern True-to-Life Audio Reproduction
- The Ins and Outs of Immersive Audio: From Recording to Playback
- The Quest for Superior Listening Tests
- Room Acoustics and Speaker Placement: Are Digital Room Corrections the Solution?
- Making Records: LPs From Mastering to the Finished Disc
- Starting In Audio Without Breaking the Bank
- The Science of Human Hearing
- Headphones: The Types, The Tech, and How to Choose
- Engineered Acoustics: The Best Value in HiFi
- Optimizing Your Analog Playback System
- Discoveries, Myths and Misdirection in Vinyl Playback
- What is Good Sound and How to Get it

14 Seminars are held in the ballroom seminar room where the concerts are held. There are also 19 Masterclass sessions in the theater section built on the expo hall floor.

The Booth, Listening Rooms and Sponsorship trends are very positive with opportunities for significant growth going forward.

Event Website

- The Event website is **www.axpona.com**

The website averages over **50,000** average monthly page views.

Major Vendors

The Company uses third party vendors for various Event related services:

- **Source One** is the show decorator & general service contractor
- **Encore** is the audio-visual vendor
- **AF Services** manages temporary onsite staff and security
- **PTT Services** manages parking
- **Unity Events Solutions** for registration services
- **Marriott Corp.** for room rental and F&B

Computer Systems

The Company utilizes the following computer systems and software applications within their operations:

- **QuickBooks** is the accounting software
- **Pipedrive** is the exhibitor / room / sponsor sales CRM
- **Mailchimp** is used for deployment of email attendee marketing

Trade Magazine Support

The Event is supported by the following media partners:

Association Support

New for 2026, *Audio & Loudspeaker Technologies International Association* (ALTI) is sponsoring a pavilion for dedicated B2B space that will foster collaboration, innovation, and business growth. The ALTI Pavilion is designed to serve manufacturers, engineers, consultants, and start-ups in the loudspeaker and audio tech industries.

The pavilion will host:

- Loudspeaker and audio tech exhibits
- Networking with industry leaders
- Access to cutting edge innovations

Competition

The Event is the largest of its kind in the North America. There are no direct competitors or comparable shows in North America to AXPONA. There are a few small local events, but they are not competitive. The second largest competitive event in the United States is:

- ***Capital AudioFest*** / Hilton Hotel / Rockville, Maryland / November 13 - 15, 2026 / (owned by Gary Gill)

Internationally, the following are considered the largest shows in the audio industry:

- ***High End*** (Vienna) (formerly held in Munich for the last 25 years)
- ***Audio Video Show*** (Warsaw)
- ***High-End Audio-Visual Show*** (Hong Kong)
- ***Hi-End Asia Audio Show*** (Singapore)
- ***TAA International Hi-End Audio Show*** (Taiwan)

Opportunities for Event Revenue Growth

Management strongly believes that revenues of all types will continue to grow across the board, as follows:

- **Expand Exhibit Floor**. There is approximately 50,000 square feet of unused exhibit space available for sale that would not have any additional cost if used. This represents about half of the entire rented expo hall.

- **Large Built Rooms**. There is significant demand from exhibitors for more large listening rooms than the 48 meeting rooms and suites in the Renaissance. A new owner of AXPONA could leverage their buying power with Freeman or other general contractors, or make a capital investment of their own, to build and sell large hardwall, acoustically sound, listening rooms on the expo floor, similar to CEDIA.

- **Continued Annual Price Increases.** Exhibits, listening rooms and sponsorship fees have demonstrated strong pricing power over the 10+ years and all indications are that further price increases would be supported, especially as the Event continues to grow and provide ROI for its customers. The current exhibit booth rate of $14.00 is low compared to other events of this size.

- **Expand the Car Audio Expo Section**. A new hall of high-end car stereo systems was launched in 2025. Music lovers crowded the hall to hear the Sound Quality Competition in 30 vehicles at the inaugural Car Audio Showcase. AXPONA has big growth plans for car audio with our partner, IASCA, which includes moving their national competition to AXPONA in 2027.

- **Increase 365 Digital Media**. "The Audio Insider Podcast Series" was launched in 2025 with a vison to leverage the AXPONA brand online and build a digital content platform.

- **Converted Sleeping Room Inventory** – there are still three full floors in the hotel that have not yet been used to satisfy the growing demand for listening rooms. This equates to approximately 50 – 60 rooms.

- **Increase B-to-B Audience** – opportunities to add more networking activations for trade professionals via matchmaking programs, special events, trade day, and digital. With an unprecedented 20% growth in trade passes, AXPONA 2025 attracted more global dealers, distributors, and manufacturers looking to do business. AXPONA continues to be the annual North American event where business gets done.

- **Gaming Audio Systems** – a new feature area of high-end audio gear for gaming systems is in development to tap into the enormous market and potential audience of gamers.

- **Develop a New Segment** for high-end Musical instruments.

- **Launching a West Coast or East Coast Event** in addition to the main Event in Chicago.

Organizational Structure

The Event is managed essentially by three employees with some additional shared support from other positions within the Company for operations, marketing and administration:

- **Liz Miller Smith (Vice President of Marketing & Event Director)**. Liz started her trade show career as an Event Coordinator at JD Events in May 2005. Since then, she has managed the conference programs for Content & Communications World, SATCON, Customer Engagement Technology World and managed the marketing campaigns for Healthcare Facilities Symposium & Expo and Plant Based World Expo. Liz utilizes her passion for music and marketing to drive the strategic direction of AXPONA and all audience growth initiatives. Liz launched the annual evening concert series, the attendee advisory board, The Audio Insider Podcast Series, Car Audio Expo, and she develops all strategic partnerships. In her spare time Liz is an avid baker, studies dance and attends as many live concerts as possible every year. Her annual base salary is $90,000

- **Mark Freed – Vice President of Sales & Business Development.** Mark has been a key player on the JD Events team since its inception in 2002, beginning with a major role in the building of AD:TECH into the #1 global event focused on interactive advertising and marketing. Mark has a strong history of successfully working with clients, from SMBs to large-scale companies such as Oracle, Google, The New York Times, SAP, BusinessWeek, INC. Magazine, Tiffany & Co., and Steinway & Sons. A self-proclaimed audiophile, Mark believes that his current role on AXPONA is his favorite assignment yet. His annual base salary is $120,000.

- **Ryan Pearson – Sales Director.** Ryan was hired in November 2025. He has over 10 years of experience in sponsorship and event sales and marketing in the consumer and lifestyle industries, leading significant activations with premium luxury, tech and entertainment brands. He has worked for agencies such as Flavorpill and BDG Media. Most recently he founded Saugatuck Magazine. He is a high-end audio enthusiast. His annual base salary is $65,000.

All three direct employees work from their homes in Connecticut. The employee salary expenses are included in the financial statements in the "Employee Compensation" expense line item.

Sales commissions are included in the financial statements as direct expenses in the "Exhibitor Expenses" line item.

The three employees above will be made available for hire to the buyer.

Transaction

Reasons for Selling

Joel Davis is the sole Managing Member of the Company - he owns the majority of the Company along with a group of friends & family and trade show industry veterans. Joel has full authority to buy and sell Company assets.

The Event was acquired by JD Events in 2014 from an individual.

JD Events is a tradeshow incubator. They have been building and selling events since 2002. They are a small boutique shop that launches, builds, proves viability and profitability, and then finds the right strategic owner with the resources to grow their properties long-term. AXPONA's growth and future potential is exceeding what JDE is capable of managing. The dedicated full-time AXPONA staff will remain with the show. JDE's management and operations team is available to support, consult and guide the new owner through the next event cycle or two, if needed, to ensure a seamless transition. This is the JDE business model. The most important customer to JDE is the company that buys their tradeshow. They want a happy buyer who will say good things about JDE in the tradeshow industry.

JD Events believes that AXPONA is gaining momentum now, due to the strengthening of the audio market, and is considering moving the Event into an organization that has a strategic fit and/or the vision to take AXPONA to the next level. JD Events is happy with the performance of the Event and the positive cash flow it delivers but will consider a divestiture of the asset for the right buyer and desirable transaction terms.

Financial Reporting

The Company operates on a December 31 calendar year end. All numbers presented for the years ended 2018 through 2025 are actual results. 2026 is based on the most current forecast.

The Company uses accrual-based accounting methods. Event revenues are accrued on the balance sheet as deferred revenue until the Event is held, at which point it is recognized as revenue on the profit and loss statement. Expenses incurred relating to future Events are accrued as prepaid expenses until the Events are over, at which point they are recognized as expenses on the profit and loss statements.

The Company is a Limited Liability Company (LLC) filed in the state of Delaware.

Sale Process

There is not a stated sales price for the Business – the Company will be considering bids by interested parties.

Companies that are interested in acquiring the Business are to make written offers **directly to Corporate Solutions**.

The Buyer will then have a period of up to three weeks to conduct its financial and legal due diligence.

An initial draft of a Purchase Agreement and related agreements will be expected to be delivered by the buyer before the due diligence period is complete.

Refer to the Process Letter that was provided along with the delivery of this Offering Memorandum so that the buyer and seller can plan accordingly.

The Company will continue to produce the Event for the 2026 edition for the buyer through a transitionary period to be determined.

A complete data room will be established in a Dropbox folder and populated at the time of an accepted offer so that the due diligence review can get started upon an accepted offer.

Structure of Proposed Transaction

The Company would like to sell the Event based on the performance of the show being held this April. The desired structure is as follows:

- If the transaction closes **before** the April 10 event this year:
    - Purchase price calculated by the actual 2025 EBITDA of **$782,000** times a negotiated multiple
    - Addition of actual **2026 EBITDA** to the purchase price as **Acquired Profits**
    - **95%** of the purchase price paid at the closing
    - **5%** to be held in escrow to cover representations, warranties and indemnifications payable in 12 months after the closing
    - **Second Payment** due July 15, 2026 for the additional EBITDA from the 2026 Event over the 2025 Event times the same multiple

- If the transaction closes **after** the April 10 event this year:
    - Purchase price calculated by the actual 2026 EBITDA of **$943,000** (forecast) times a negotiated multiple
    - **95%** of the purchase price paid at the closing
    - **5%** to be held in escrow to cover representations, warranties and indemnifications payable in 12 months after the closing

Assets included in the Sale

All traditional items are included in the sale including:

- All lists and databases of exhibitors, sponsors and attendees
- Trademarks and copyrights
- Event website as a redirect to a new website address
- Assumption of current and future material contracts needed to produce the Event
- Assumption of future Event dates and venue contracts

Also included in the transaction are the net deposits (cash received less cash payments) of the Business as an adjustment to the amount payable at the closing including:

- Cash collected for future Events (deferred revenues) less third-party payments and employee related expenses paid (prepaid expenses) for future Events.
